Customer Reviews

Croatia is where I live and work as a Tour Director and after reading Graeme Lanhans's travel book A TASTE OF CROATIA AND SLOVENIA, I can highly recommend it as a great guide for all English speaking travelers looking for informative details about these neighboring countries. Well written, easy to read, informative and good advice. Perhaps there is only one piece of constructive criticism...Croatia is surrounded by Slovenia, Hungary, Bosnia Herzegovina, Serbia and Montenegro, 5 countries, not 3 as Graeme has described. Apart from these border facts, all else is totally correct. This will be a valuable book for me, giving me all the relevant information and answers to questions that our visitors often ask. Robyn Vulinovich-Sisaric. Tour ConsultantMy

Hidden Croatia.

A very thorough, yet concise guidebook with all the information you need if visiting both countries. Informative and can be of great help. Easy to follow and clearly written. You can see that the writer is indeed speaking from his own experience since he mentions things that are authentic and valid for both countries. Being a guide in Croatia myself I find it remarkable and amazing that a former visitor can get it so right. With "A Taste of Croatia and Slovenia" you will get everything you need to know about Croatia and Slovenia and more. Vesna Stanić - Tourist Guide Split, Croatia
