Settle For More

Synopsis

Whether it's asking tough questions during a presidential debate or pressing for answers to today's most important issues, Megyn Kelly has demonstrated the intelligence, strength, common sense, and courage that have made her one of today's best-known journalists, respected by women and men, young and old, Republicans and Democrats. In *Settle for More*, the anchor of *The Kelly File* reflects on the enduring values and experiences that have shaped her—from growing up in a family that rejected the "trophies for everyone" mentality, to her father's sudden, tragic death while she was in high school. She goes behind-the-scenes of her career, sharing the stories and struggles that landed her in the anchor chair of cable's #1 news show. Speaking candidly about her decision to "settle for more"—a motto she credits as having dramatically transformed her life at home and at work—Megyn discusses how she abandoned a thriving legal career to follow her journalism dreams. Admired for her hard work, humor, and authenticity, Megyn sheds light on the news business, her time at Fox News, the challenges of being a professional woman and working mother, and her most talked about television moments. She also speaks openly about Donald Trump's feud with her, revealing never-before-heard details about the first Republican debate, its difficult aftermath, and how she persevered through it all. Deeply personal and surprising, *Settle for More* offers unparalleled insight into this charismatic and intriguing journalist, and inspires us all to embrace the principles of determination, honesty, and fortitude in the face of fear that have won her fans across the political divide.

Customer Reviews

In the three years since her show *The Kelly File* premiered on the Fox News Channel, Megyn Kelly has cemented her reputation as one of the most respected, hardest-hitting journalists in America. Tackling issues from both sides of the aisle, live on prime time five nights a week, Megyn has embraced difficult questions and pressed for real answers, redefining the face of news for her more than two million regular viewers. Now, in her debut book, Megyn goes behind the scenes of the stories and the storms that landed her in the anchor chair of the most successful news broadcast in cable news. Having grown up in a family whose values rejected the “trophy mentality for everyone” mentality, Megyn traces the experiences that shaped her professional ascent—from her father’s sudden, tragic death while she was still in high school to the events that propelled her rise in journalism. Speaking candidly about her decision to “settle for more”—a motto she credits as having dramatically transformed her life at home and at work—Megyn discusses how she abandoned a thriving legal career to follow her dream in the news business. Through her unique blend of hard work, humor, and authenticity, she has won fans across the political divide. Megyn also opens up about the controversy that made her, unwillingly, one of America’s most-talked-about public figures, giving her side of Donald Trump’s feud with her while sharing never-before-heard details about the first Republican debate and how she was able to persevere through the difficult aftermath. In addition, Megyn sheds light on the challenges she has faced as a professional woman and working mother, revealing her approach to issues of gender in the workplace, as well as how her success is rooted in the adage “Be so good they can’t ignore you.” What emerges is a deeply personal and surprising account of her life, one that inspires men and women, young and old, Republicans and Democrats, to embrace the values of determination, honesty, and courage in the face of fear. At once funny and uplifting, *Settle for More* offers unparalleled insight into one of the most charismatic and intriguing television personalities of her generation.

Megyn Kelly currently serves as anchor of Fox News Channels *The Kelly File*. Throughout her tenure with Fox News Channel, Kelly has covered breaking news and reported on location. Before joining Fox News, Kelly served as a general assignment reporter for WJLA-TV (ABC 7) in Washington, D.C., where she covered national and local stories of interest. Prior to her career in television news, Kelly practiced law for nine years, seven years as a corporate litigator at Jones Day

and was an associate for two years in the Chicago office of the law firm Bickel & Brewer LLP. She lives in New York with her husband and children.

Megyn Kelly is a terrific news anchor, a smart, aggressive and witty commentator, a bright and beautiful woman, apparently a dutiful and loyal daughter and a great mom and wife, she is not however, a writer. I very much wanted to like this book because I like Ms. Kelly but, unfortunately the writing is pedestrian. Her narrative could have been much more enchanting, far more colorful and interesting had she opted for fewer first person pronouns and elaborated more on the things around her that both set a stage on which her life played out and influenced her decisions and direction. The writing is flat and lifeless, unlike Ms. Kelly's personality as projected on the small screen. This is what ghost writers are for and Megyn's book could have been so much more with the aid of a skilled wordsmith.

I bought this audiobook for my work commute, I wanted to catch up on those headlines that Megyn was in because of the scandal with Trump. I am very happy I did and I highly recommend this book. Megyn is a professional and remarkable woman with an inspirational life story, from her childhood and family to law and then journalistic careers. She takes you behind the scenes of daily life as a journalist and explains in detail how she was pulled into the scandal while doing her job. Every working girl should read it. Besides, the audiobook is read by Megyn herself and that makes it that more enjoyable.

I LOVED READING MEGYN'S BOOK. SHE IS SO SMART, INTERESTING AND I'VE MISSED HER SO MUCH. I'M SO GLAD SHE WROTE ABOUT HERSELF SO DEEPLY. HER FAMILY SOUNDS VERY SUPPORTIVE AND LOVING. LOOKING FORWARD TO SEEING HER MORE.

I enjoyed every minute of reading this book. I would recommend this book to my friends and family. It was heart warming , personal, and exciting to read.Beverly L

I found this book difficult to put down, it held my attention , well written. As a follower of " The Kelly File" I really appreciated you shearing your experience as a mother/professional, I commend you for that ! For me it validated that we can an be mother's and professional . Thanks you so much for sharing who you are and your beautiful family.

I am about a quarter way through, and so far I love it.

I felt like this book was a good insight as to who Megyn Kelly really is. Clearly, she is a self motivated woman. If you are looking for a great "feel good" and how to love yourself book, this is probably not it. This book is more about pulling up your bootstraps and working hard to get what you want. She clearly feels good about herself and has worked hard to prove that. Lots of content about men who mistreated her - aka Ailes and Trump. I enjoyed it ... not riveting but a good summer read.

Megan Kelly writes a brave memoir about good times and bad times. Her idillic portrait of her early family life seems too good to be true, but more believable in light of her open and honest discussion of the hard times in her life including, bullying, stalking, and harassment. Her courage is admirable.
