Trains of the Old West

It says that I bought this book in November 26, 1997, and I think it was oddly enough my first .com purchase. Why this book? I guess it was not available anywhere else. It's still not available as a new book. I can't explain how I purchased this book when the pub date is 1998 in 1997. I still have the book, and it is quite interesting. There are many illustrations and also history about the early entrepreneurs of the trains moving west.

Great pictures of early steam engine history.

My Uncle is in a VA nursing home and has a life long love of old trains; he used to work for the railroad. He reportedly loved this book.
