Excellent condition and well worth every penny!!! We have a copy of this book purchased some years ago and our Arctic wolf pups decided to cut their canines on it!! Both copies are equally as precious now and will go in a shadow box display along with a soon to purchase print of the pups Brandenburg watched grow and took such moving pictures of. I recommend this seller to ALL!!!!

If anyone finds a better book on the Arctic Wolf, please have them let me know.

Beautiful photos from Jim Brandenburg

White Wolf: Living With an Arctic Legend could have been a bit more in-depth. Other than that, though, it was perfect. I got to where I knew the individual arctic wolves and came to love this pack. I could also, through Bradenburg's awesome photography see a small glimpse of the arctic, both bleak and beautiful. Some of Bradenburg's descriptions make it easy to imagine yourself as on the

remote tundra and as hearing the wolves howl. I recommend this book not only to wolf lovers, but to any nature lover.

This is a wonderful book with lots of amazing wolf and landscape pictures. While some people might be disturbed by some of the dead animals in the picture, as a animal lover I reckon this book had shown the reality of the nature truthfully, and I really love this book.

nature : men still has to learn wolf : learn men how to understand nature a must for wolf-lovers
