# **Tarzan And The Jewels Of Opar By Edgar Rice Burroughs (Tarzan Series, Book 5) From Books In Motion.com**

## Synopsis

This is the fifth story in the TARZAN adventure novels. Tarzan's enemy in this book is a Belgian traitor and an Arab chieftain named, Achmet Zek. Tarzan intends to liberate more jewels from the lost city of Opar, unaware that his enemies know of his plan and they intend to liberate the jewels from Tarzan. The running battle becomes so intense that Tarzan is incensed to the point of losing his newly-found, refined demeanor and becomes the beast of old with a terrible ferocity. The apeman once again responds to the wild call and goes forth to prove that he is truly the king of the jungle...

Edgar Rice Burroughs (1875-1950) was an American writer best known for creating Tarzan and John Carter. He wrote science fiction, fantasy, adventure, westerns, and others. His work influenced so many people, it would be impossible to name them all, but the list includes James Cameron, Ray Bradbury, Robert A. Heinlein, Michael Crichton, Carl Sagan, George Lucas, Jack Vance, and others.

This is a tour de force of action, adventure, the lure of treasure, trials and tribulations with Tarzan in

the wilds of Africa. A tale that roars along like a runaway freight train, with more plot twists and hair-breadth escapes than you can count. Those who have grown weary reading ponderous tomes of made up worlds with wizards and the like should take a well deserved break and see how a real master of the genre gets the job done! Edgar Rice Burroughs gets his characters in and out of more scrapes in a single chapter than many of today's writers can manage in a hundred pages. This is Burroughs at his best. Available for free on Kindle, you can't go wrong at the price.

Recently started re-reading the first few Tarzan books. I originally read them over 40 years ago in my pre-teen/early teen years. This edition is a nice hardcover book which is a perfect size in my opinion. The print is quite large with a space between paragraphs making it very easy on the eyes. 5th novel in the series. I won't comment too much about the plot and writing style. It is a good jungle romance in the usual Burroughs style. After I read it I re-watched the Tarzan the Tiger 1929 silent with sound effects movie serial starring Frank Merrill which was based on the movie and followed the plot of the book quite closely. Recommended for Tarzan/Burroughs fans.

I've been trying to find the last few remaining books from the Tarzan series that I haven't read, so it was great to find this one. I wish the entire series would be made readily available. It's an entertaining and fun book, as are all the dozens of ERB books I've read. The simple tried and true formula of good versus evil, heroes versus dastardly villains, and exotic locations makes for a great story. Suitable for both adults and teens.

If you like topical vacations with a whole lot of excitement mixed in this story is for you. It is one of my favorite get aways.

Having started the series from the beginning I found this book has a good mix of old and new characters. The villains are vibrant and lively, just the type that you love to hate. It is somewhat tiresome that Jane and Tarzan find themselves repeatedly in peril but without that what would the story be? This is a fast and easy read, very enjoyable. I plan on continuing with the series to see what else Burroughs has in store.

It was exciting to read this book. I hope to find more like it in the future. I loved it

A great book by a great author and delivered right to my door. What is not to love?

Not only is Edgar Rice Burroughs a master of the English language, but the setting for his most famous books are in a place of pure fantasy. Everything is possible and the most incredible things can and do happen. For readers that are looking for an escape from the hum-drum of every day life, it is an enjoyable read. Sit back, read chapter after chapter, and allow Mr. Burroughs to take you to places that never were and can never be....except in the pages of his books. A great read; just be sure that you're expecting the impossible and ready to enjoy the journey!
