A fun read, my 4 year old loves the book - nice plot.

My five year old loves this story (we do it as a read-aloud and I enjoyed the story too!) An older child who is past the early readers, but not quite into chapter books would really like this story. It is

engaging enough to keep them motivated even though it is quite a bit longer than typical early readers. It also has color pictures on every page. We have read the other Otto and Uncle Tooth stories too, and it is a really fun series!

Loved this as a kid, hope my son does as well

Fun

Very good story. Grandson wants me to read it again and again and again and... Very entertaining story. Highly recommended..

I was so excited to find this book on .I read it as a kid, and loved it, so i ordered it for my 5 yr old daughter.We have read it several times.She loves it as much as i did.If your child is into ghost stories, this is a fun one!

my munchkin loves the stories and practicing his reading

I have such great memories reading this book when I was a kid and now I get to share this with my little ones. The book arrived in great condition and without having to wait a long time for it. Great buy to go along with great memories!!!!
