Customer Reviews

"I don't know how Georgianna does it. She manages to make Paris, already the most beautiful city in the world, appear even more charming, more elegant and more beautiful than it already is. When she says...this book is my love letter to the French capital, an unapologetically romantic celebration of her abundant floral charms, I couldn't agree more. This is a love letter that must be opened and enjoyed and displayed on your desk or table, some place close at hand in order that you may return to it often. Paris in Bloom is filled with a veritable carpet of pinks and whites, pastels and green portraits that make me let out an audible sigh of joy. This book can re-inspire you to believe that yes, life really is quite beautiful." (Doni Belau, Author of Paris Cocktails & Founder of Girls' Guide to Paris) Paris in Bloom brilliantly captures the splendor of French fleurs with lush

photographs and elegant prose, providing beauty and inspiration in every page. The book is a triumph of artistic achievement and practical information, blending visual floral poetry with a comprehensive field guide to discovering the plants, flowers and artists who create inspiring floral designs, capturing both the essential elixir and elusive magic of Parisian life for all of us to savor and enjoy. *Paris in Bloom* is a masterpiece! (Laura Dowling former Chief Floral Designer at the White House and author of *Floral Diplomacy at the White House*) If anything would make you want to visit Paris, walk the streets of one of the most romantic cities in the world and linger in its avenues, or sit outside its courtyards and sigh at the design of the grand palaces, then this is the book that will do it. Destined to become a classic of its type, *Paris in Bloom* is Georgianna Lane's love letter to Paris and to flowers. (Gray Levett, Editor Nikon Owner magazine) "Get ready for a beauty overload. It's food for the soul, it's a book of dreams and details, of flowers so perfect you want to hug them to you, of photographs that remind you of the best day of your life in Paris. Her photography is exquisite. If you love Paris, flowers and femininity, you need *Paris in Bloom*. (Carla Coulson, author of *Paris Tango*, *Italian Joy*, *Chasing a Dream*, and *My French Life*) "It's an intimate look at Paris that most tourists won't have an opportunity to see. Keep it on your bedside table to spark magical dreams, or on your desk for when you need a breath of sweet spring in the midst of a weary workday. (Romantic Homes)

Author and photographer Georgianna Lane is known for her romantic, light-infused images of flowers, gardens, and iconic travel destinations. Her work has been widely published internationally in books, magazines, calendars, greeting cards, and decor products. She divides her time between Paris and a wooded property in the Pacific Northwest.

SOME PEOPLE DON'T LIKE PARIS OR FLOWERS.I CONSIDER IT ONE OF MY PROSAC PRODUCTS.IT TAKES ME WHERE I WANT TO GO WITHOUT A PILL.I TAKE A HALF HOUR AND JUST TURN THE PAGES.

Beautifully written and photographed book! All the lovely enchanting places filled with flowers and romance for those that have visited Paris or for those that are still dreaming. Georgianna's attention to detail with every photograph is amazing. Truly a beautiful coffee table book.

This is one of the most beautiful photo books that I've seen in recent years. It's a smaller

coffee-table style book with lots of close up photos of flowers.

This is a beautiful book! It's smaller than a lot of coffee table books but the photography is stunning!

I went to Paris for the first time last summer and fell in love with its beauty. I follow Georgianna on social media and saw the announcement about the book. It makes me want to visit in spring when everything is blooming!! Congrats on a beautiful book! The photos are just divine!

The incredibly beautiful pictures in Georgianna's book have lifted me from the rainy Northwest days of rain to a colorful and bright Paris in full bloom. I purchased copies for each of my sisters, as well, and they LOVE every page of this incredible book. Thank you Georgianna for taking us to Paris through your camera lens and eyes and giving us your full experience of a beautiful city.

No matter where you are, this book takes you on a lovely floral trip to Paris. As Georgianna Lane says "... flowers bring joy and grace to city life..." . Thank you for this special book!

Filled with gorgeous flowers and scenes of Paris.
