I Ching: The Book Of Changes [Translated] [Annotated]

Synopsis

-Translated into English by scholar and missionary James Legge.-Preface and annotations on meanings of the I Ching and the unique challenges of interpreting the I Ching as a Westerner. The I Ching, the Classic of Changes, The Yǎng King, the Book of Changes. Known by many names, this ancient Chinese classic is traditionally thought to have its origins from before recorded history and written by the hero who invented writing. It has been used for numerous purposes, including a tool for divination, an illustration of Confucian philosophy, and an explanation of mythological cosmology.

Customer Reviews

The hexagrams should be numbered - it's almost impossible to navigate the book without that, unless you know them all by heart.

Way complicated. For the Tao, just read the free book at A Personal Tao website.

One needs expansive knowledge

If you want to learn the alphabet. It has illustrations and tells you history about the chinese charaters and their meanings.

This is a Classic of Chinese Philosophy, who am I to review it? I can barely understand it.Meant to be pondered, I suppose, it is considered an excellent translation, again, I am in no position to know.

A basement to the understanding of this intricate and marvelous universe.

Excelent

A classic.
