Customer Reviews

This entire series is wonderful. I used this series for my 'Bible Fun' class. We were not a 'sit down' group. We liked the games, skits, crafting, etc in our class. Great way to learn about God's word. The messages were clear and amazingly easy to teach and understand on their level. I think these could be used for 3-6th grade. We also memorized Bible verses weekly- memorizing is easy when you are having fun....right?! Very easy to use, as they walk you through everything- even what to say! These are fun- not at all dry or boring. I think they would be a wonderful bible study series for a younger group.

As always, the Kids' Travel Guide comes through again! We are doing a unit on the 23rd Psalm and this book has brilliant ideas about teaching it to the kids! I have several other Kids' Travel Guides and they have always been a wonderful resource. Thanks a lot for putting it together!

Very active, hands-on lessons. Keeps kids involved. Uses many materials that can be found at most Dollar-type stores. When getting ready to use - best bet is to go over all the lessons and make a list of items needed ahead of time. Some items are listed for more than one lesson. May be a little too involved for some Kinder/1st graders.

I am sorry i ordered this book. I tweek curriculum all the time for grades 1-5 for Sunday school. I was hoping to find something i could use straight from the book, but this was not it. My kids would laugh me to scorn if i tried to teach this. Very under the age limit. Really, Group Publishing...i thought better of you than this.

This book is perfect for the program planning we are doing!

My Religious Education 2nd/3rd grade class loves this book. The lessons are teacher friendly but do take time to teach because they are hands on lessons. They liked it so much that i have purchased the same books with different subject matter for my other classes.

pages 47 - 66 were from a different book, but refunded
