Kovels' Antiques & Collectibles Price Guide 2016 (Kovels' Antiques & Collectibles Price List)

Synopsis

The 48th edition of Kovels', the leading antiques price guide, includes 32,000 listings and more than 2,500 full-color photographs. Kovels' is the most complete and best-illustrated price guide available, from the most trusted name in the industry. It features exceptionally well-organized, wide-ranging, up-to-the-minute information, and includes more tips, marks, logos, and photographs than any other competitive title. Kovels' is the only guide with prices based on actual sales from the previous calendar year, never estimates. Unlike other guides, which focus almost exclusively on English or high-priced items, Kovels' covers all American and international items. The book is organized by categories most sought-after by collectors, including Depression Glass, Dolls, Jewelry, Furniture, Porcelain, and Sports Memorabilia. Indexes, cross-references, and expert commentary throughout empower readers to collect with confidence and price their own antiques.

Customer Reviews

Terry Kovel has been a lifelong collector and expert and has written more than 100 books on antiques and collectibles. She writes a nationally syndicated newspaper column, a subscriber newsletter, and an e-newsletter. Terry lives in Cleveland, Ohio. Kim Kovel, daughter of Terry and Ralph Kovel, caught the collecting bug as a child, growing up in a house filled with antiques and traveling regularly to antique shows and flea markets all over the country. She runs and contributes to the Kovels' website and has spent the last 10 years working on the Kovels' website.

price guides and other Kovel projects.

Very hard for a new person to look up prices the way its arranged . If you pick up a piece and are not sure of the material or category or description , you can get lost fast. I guess it might be good for people who know the system but for new people its hard to grasp it ..

Okay but not enough variety of items in class. Seems as if the book works in conjunction with a secondary causes for themselves or selected dealers. One positive benefit is the identification of maker marks for items.

I have a resale shop & always recommend Kovel's to the customers who could use some extra knowhow. I have referenced Kovel's since it was the size of a paper back book.

Who doesn't like Kovel's? Have bought these books for years. Great reference book.

I bought this for my daughter. She is collecting things that are old. I felt she should have this book. I loved it and found it interesting.

Disappointed that most items were in the very high range categories. Not much we can find on a day to day garage sale hunt or estate sales. Did not find even one of the items I was looking for. Otherwise, the book looks great, it shipped fine.

Too many catagories with little description and not enough photos to support the item description

Great book - I highly recommend. Can't wait for the 2017 version!
