Customer Reviews

The book and CD put you, the learner, into a band situation right away. This way you can hear what it would sound like if you played with others in a bluegrass band. Tasty banjo and guitar can be heard taking their turns for lead and backup and the tab for those solos can be purchased by your friends. They would buy Music Minus One: Banjo and Music Minus One Guitar for each of them and the three of you could jam authentic sounding bluegrass standards all night long.
