I bought a copy of this book for each of the girls in my scout troop. We're getting ready for a limo ride and a night at a nice restaurant. It makes manners simple and they can throw it in their purse. Also, being a cute miniature book makes them want to read it. It's not overwhelming like a normal size book might be. I do wish it had a section on conversations. I had to download a separate article to cover that.

Cute book. Not quite what I expected but playful and great advice. Much smaller than I expected because I did not read the posted dimensions of only about 3" square. I did not realize the title was

meant literally.

This very small book is small enough to fit into even an evening clutch. It is a bit bigger than two packs of nice matches. If you want a printed, super-small etiquette book on hand, this is the best choice. I like this book, but it was not quite on target for what I wanted. This book is perfect for business people who want etiquette rules for entertaining. It is directed at a business audience, not for personal, social functions. Fortunately there is enough overlap to still be useful, because this covers all the basics - what to do and not do to with your hands at the table (lesser-known tip: don't touch your head) and what to do and not do with the table setting. It also has a section on navigating specific foods and another section on ordering drinks and what is okay and not okay to talk about at the table. There's also a nice section on toasting, tipping and the duties of the host and the duties of the guest. All in all, it is a useful, concise book on how to behave at table. It is an ideal little gift, but only if the person you are giving it to is not going to misinterpret your gift as a suggestion that they need help with their etiquette.

It is literally like 2 inches by 2 inches big lol. Super small! So be prepared for that. The info is very helpful and it can fit ANYWHERE really.

My children liked the book. Got them to read about etiquette just by being "little"! It was fun and they learned too!

I LOVE THE SIZE OF THIS ETIQUETTE BOOK!!! WHEN THEY STATED THAT IT WAS A LITTLE BOOK, I DIDNT REALIZE THAT IT WOULD BE LITERALLY A LITTLE BOOK!!! BUT THAT'S GREAT BC IT FITS IN MY PURSE EASILY!!! EXCELLENT READ!! WOULD RECOMMEND!!!

Please pay attention. This is a little book, as in it will fit in your front pocket and has very small lettering.

Great little book! I see other reviewers were not happy that this book was only about eating out. That is correct however, I found this information quite useful. It is indeed a miniature book (a little bigger than a business card) so it would be impossible to make this a detailed book on ALL etiquette. It was very helpful and I like that it fit in my purse so I can take it with me when dinning out and hopefully avoid a mistake. More people need to read books like this. The majority of diners I

have seen in upscale restaurants to laid back cafes, eat like slobs. This book will help you to eat and behave properly at the dinner table. Worth every penny!
