# Selected Duets For Clarinet: Volume 2 - Advanced

## **Synopsis**

(Ensemble Collection). This classic series of duets for like instruments is recognizable to nearly everyone who has ever studied an instrument. The wealth of material supplements musical development and provides a rich experience for growing musicians. Duet playing is often a student's first form of ensemble experience - technique, tone quality, intonation and balance are introduced as students do one of the things they enjoy most - making music with a friend. And duet playing leads easily and naturally to competent performance in larger ensembles. (Vol. I Easy to Medium, Vol. 2 Medium to Advanced)

These are good to have on your stand for when you have someone to play with (or when teaching lessons). This is the Advanced book but is not too hard for decent high school players. I use it to sight read each lesson with my students. The music itself is nice but more of the traditional sense. If you'd something more modern, you should explore other books like those by Norman Heim.

Always a great compilation of music by Voxman. Arrived earlier than expected.

love this book!! the parts are not too difficult...and since i am recently relearning the clarinet after a 30 year hiatus, it is a good thing!! would recommend it to those who just want to have a more serious kind of fun!!

Our clarinetist loves this..

As expected

purchased this so my daughter can play with her teacher to improve her sight reading. Playing the duet makes it fun for her while improving her sightreading.

Wonderful duets for clarinet.

Love it!
