This collection includes accounts, diaries and journals of many adventurers who dared to explore the most mysterious and dangerous areas of the unknown I downloaded 75. Live the adventures with them as they recount the daily challenges and dangers they faced. And the best part of all is that all of the texts are free. Read this book now!

The book showed up on my kindle but when I tried to read it gave me a message that "this mobile device is not set up to run this type of file". Out of hundreds of books downloaded this is the first time I've seen this. Bottom-line is I can't read it and fortunately it was only .99 cents.

Works great for me and my Kindle Fire. I've read people's reviews on other books by these authors stating they have trouble downloading the books but I've had zero problems, and even if you do encounter a problem, all you have to do is do a search for the title. No big deal.
