Oxford School Dictionary 2011

Synopsis

This authoritative dictionary is a comprehensive school dictionary perfect for students with its 45,000 words and phrases in alphabetical order. Each entry contains clear numbered meanings, word classes, inflections, supporting example sentences and notes to help with using the words accurately. There are word origins for all root words. Guidewords at the top of each page and the alphabet with a tab make it easy to navigate; the page design is clear and straightforward. There is a friendly and useful guide to using the dictionary dealing with FAQs such as, What do you use a dictionary for? How do I find the words I want? Also useful are the prefixes, suffixes and words and phrases from around the world that are given in full at the back.

Customer Reviews

"This is the only dictionary you will ever need for your children." --Sunday Independent - West Country
"This is a useful, well thought out volume with clear headings, intelligible etymologies and friendly usage notes." --The Independent education section"... the Oxford School Dictionary and the companion Oxford School Thesaurus offer speedy definitions of and synonyms for a wide range of words." --TES Online Education

Oxford Dictionaries

Very simple w/ very basic derivations, yet more advanced than a children's dictionary. It doesn't always have the more advanced or esoteric definitions, which is why I'd say it's great for kids and young adults. I use this along with the Oxford Concise dictionary, Encarta, or the Longman's when I

can't find the definition that fits the context.

Excellent Dictionary! Small, easy to use, simple and concise definitions, and it has derivations too!

Once you decide to learn/teach from the recognized source of the English language, Oxford becomes the obvious dictionary of choice. A detail to remember though is that this is a true English Dictionary and not an American Dictionary. American usage can occasionally differ, especially slang. Still, I use Oxford as the true source.

Actually I went to to buy the dictionary for my brother, but I took a look at it. It looks very well designed inside - much better than I am used to seeing. And I liked the definitions, and the derivations ... all in all, quite a nice dictionary and it will probably end up being a preferred dictionary.

An excellent small dictionary for those with a limited vocabulary. The real bonus is the fact that nearly every word has a derivation or word origin which is essential to fully clearing a word to full understanding. The definitions themselves are clear and concise and do not complicate getting straight to the definition without extras.

It's a great dictionary! Love it! Definitions are so easy and simple! Easy to read, use and understand! Highly recommend it!

Good

Great little guy
