This book really helped my spouse with his GED. Before getting this book, he was scoring 435 on his GED Language Arts portion, but after two months of studying off this book, he scored a 447. Supposedly, he needed a 450 to pass that GED Language Arts part. I do believe this book has helped him understand the English literatures. Great book to study off from. I would recommend this book to others. The company we bought it from was great. The book came before it said on , and the price was under \$8.00. Total was around \$13.00, so worth buying.

Very confusing.it feels like same lesson is repeated.

Straight to the point and touches base on all subjects needed to pass your GED test. Pre Testing really helps out.

Great guide for those planning to take the test.

Learned a lot

It's worth it ...
