The Store

Synopsis

THE STORE IS WATCHING YOU. Jacob and Megan Brandeis have gotten jobs with the mega-successful, ultra-secretive Store. Seems perfect. Seems safe. But their lives are about to become anything but perfect, anything but safe. ALWAYS WATCHING. Especially since Jacob and Megan have a dark secret of their own. They're writing a book that will expose the Store--a forbidden book, a dangerous book. ALWAYS. And if the Store finds out, there's only one thing Jacob, Megan and their kids can do--run for their bloody lives. Which is probably impossible, because--THE STORE IS ALWAYS WATCHING.

James Patterson received the Literarian Award for Outstanding Service to the American Literary Community at the 2015 National Book Awards. Patterson holds the Guinness World Record for the most #1 New York Times bestsellers. His books have sold more than 325 million copies worldwide.

I refuse to believe that the author actually wrote this drivel. It has all the effort of a rushed first draft done by a first year college student who pushed it under his teacher's door after hours. Mr. Patterson would do well to find better ghost writers or at least give them a bit of constructive criticism now and then. . The plot is contrived with logic holes a bus would disappear into. It has a twist that makes zero sense. And it's barely long enough to qualify as a novella. Pro tip: 4 paragraphs do not make a chapter. In short; this is god awful. I want my \$13 bucks and two hours back.

I am reading this right now and only because I paid \$13.99 for it. What a waste of money, not only hard to believe but boring and characters are plastic. I wish I had read the reviews before buying it but I travel trusted the Patterson brand. BIG MISTAKE!

Don't waste your time and money!!! Not worth it. Stupid plot, characters, no storyline, and ridiculous ending. Worse book ever written.

I thought I was reading a Stephen King novel. At least for about half of it. In fact, I can't even believe I finished it. Sorry folks. Don't waste your money or your time. That's hours I'll never get back. The whole ending just didn't fit. In fact, most of it didn't make sense. Better luck next time, Mr Patterson.

Absolutely the worst Patterson book I have ever read. Must have been written by a high school dropout.

No reason for a long review. This book was stupid and a huge waste of time. Don't bother even trying.

This book was basically about Google taking over people's lives. Save your time and your money and skip this one. It's a bad dystopian novel.

I always look forward to reading the latest James Patterson book - but this one was a complete waste of time. I ended up skimming through the last half, the ending was stupid and this was just not typical Patterson. The only good thing was that I borrowed it from the library and didn't have to spend any money on this trash.
