My Dog Understands English! 50 Dogs Obey Commands They Weren't Taught

Synopsis

Has your dog ever surprised you by doing something you said the first time? You are not alone! Here are 50 stories about everyday dogs who understood what their humans said. Some saved lives in the process. Others were just cute, lovable, or funny. All demonstrate the amazing human-dog bond. Chloe the golden Beagle braved a hurricane to obey the new command, "I need Dad, Girl." Ellie the Coonhound helped her human family escape from an angry bear by obeying the new command, "Get it!" When her human brother said jokingly, "Maybe Cocoa could dig again and find it," Cocoa did just that.

Customer Reviews

Wonderful dog stories. It gets a little repetitive though. My dog understands English too. One time when she was given a screwdriver she was told by my daughter to take it to Mom (I was in another room) and she did. Do you think we can get her to repeat this? No!!

I've always been amazed at what dogs can do. These dogs are ordinary dogs that did extraordinary things. The general train of thought is that dogs cannot understand humans. This book blows that theory right out of the water! I highly recommend this book.

This book is a must for dog lovers. Reading the stories always made me smile and made me want to say "Guess what my dog did?". It is definitely a feel-good book.

.....this a lot of cute stories that are light reading. You probably need to have owned such a dog to appreciate these stories but I think they are realistic and great.

Loved the stories of how people are able to interact with their dogs on almost a human level. It is amazing just how much dogs can comprehend.

I read one story every night from this book, stretching it out, before turning off the lights, I adore dogs & loved this book! ;-)

I thought this book would have stories of dogs doing out of the normal things they were not taught. I was disappointed when it was ordinary things.

A quick and fun read, but not any new info. Occasionally appalled that people were allowing their pets to eat grapes (very toxic!!)
