Customer Reviews

Waste of money. I bought lonely planet guide to Morocco too. All the "secrets" are in lonely planet, which also lists a lot more for each region. Don't waste your money on this short and useless "guide"

It is more of a leaflet than a book. Very short and concise with any no good pictures except on the cover.

Marrakesh is a wonderful city of Morocco. But it has some amazing places that most people are not aware of. From this book you will get to know about those amazing places. Along that you will know about the best places to shop, eat. Also best museum and park to visit are also added with the information of avoiding the crowds of locals.

Marrakesh is one of the city of morocco and is a major economic center and home of mosques, palaces and gardens. This travel guide is written with the help of locals and will surely save you

from any kind of tourist trap. So do not miss if you planning your visit to Marrakesh.
