Customer Reviews

If you're a Toraine fan then this will be perfect for you. If you've also read witches and wondered what is missing from Torin and Raine's memories the night they consummate their marriage then here you are. The stupid Norns and their meddling. Raine is high from all the elemental magic and Torin is torn up from learning his mom is tied to his despicable father. They take it to the next level and become one! This was amazing to read! Honestly I melted and cheesed hard lol. I also loved that 2 chapters from Demons were included!

I really don't understand the purpose of this novella. It's basically two scenes from the same night that sets the stage for Raine and Torin's first time together and then the erased sex scene. Not to mention this is already only a novella and the actual story is only a quarter of it and there are a lot of grammatical errors.

Torin and Raine finally get their sexy time, only to have the Norns perform a memory wipe! Geesh, you gotta hate those old hags! Thank you Edna for our much desired glimpse into our favorite couple's coupling!

Nothing sweet about this Runes novella showcasing Rain & Torin's first love scene that was erased from their memories by the Norms. I definitely enjoyed this glimpse into their stolen moments.

I loved this little glimpse into Torin and Raine's relationship. They are so wonderful, and it was a nice addition to the Runes books!

This novella made me love Raine and Torin so much more than I already did. Waiting so patiently for more!

Well if you haven't read the runes series you won't understand where this is coming from but if you have lord have mercy it got hot in here

Absolutely Loved this Book!!! Can't wait for the next one!!!
