# Body Heat

## Synopsis

Zoe Maxwell, will you give me a second chance? I'll never forget the first time I saw her. She screwed my body then screwed with my head, leaving me to wonder what the hell happened. It's been over ten years and I still can't go ten minutes without her face flashing through my mind. It's like she's tattooed on my soul. Zoe freakin' Maxwell, the girl who broke my heart and literally ruined me for other women! Now, I can't even get hard without a bit of the rough stuff and my box of toys. And, after all these years, there she is, standing in front of me, older, hotter, sexier. I can smell her scent like a wolf smells its prey. I'm a different man now; rich, famous, confident, always in control. At least until she looks at me and I find myself melting like an ice cream cone on a hot summer day. A full length Romance with HEA & no cliffhanger. And, there is some exclusive bonus too!!!

## Customer Reviews

Am I the only person that took it badly that she was messing around with a married man? I don't understand why she upset about being dumped by the married man. Does anyone else think that was wrong of her? Zero stars if I could rate it that way

I voluntarily reviewed and advanced reader copy of this book. I absolutely loved this book. Zoe and Chad are amazing characters and loved the banter between them. Once in love with each other, controlling and border line obsession on ChadÃ¢Â¢Â¢s part drove Zoe away for good. Now 7 years later, Zoe is in a predicament with a married man, and Chad canÃ¢Â¢Â¢t seem to find theÃ¢Â¢Â¢ oneÃ¢Â¢Â¢ which he knows got away all those years ago. These two have built up great careers, Zoe an author who writes about hers and Chad sex life in her novels and Chad a fitness guru and have yet to come face to face with each but are familiar with the others work but have never put two and two together until now. Both asked to do a quick spot on a TV show unbeknownst to them they were going to walk right into each other. Wow this is going to be fun. This is full of amazing chemistry, sex appeal, smoldering heat, lies, lust, drama and love. Will Zoe and Chad be able to move forward together or will they realize they are better off apart? Such a great book, couldnÃ¢Â¢Â¢t put it down, I highly recommend this book, you wonÃ¢Â¢Â¢t be disappointed. Loved it!

Mia Ford is a must read author for me. I pre-buy all of her books... This was another steamy, entertaining, erotic second chance romance. The story about the Erotic author and the Fitness Master will keep you raptured until the end. Zoe and Chad were a couple at university but Zoe left breaking Chad's heart as well as her own. Both Chad and Zoe become very successful. A chance meeting ignites old feelings... This is a really great second chance love story. I enjoyed the chemistry and banter between the main characters. I particularly enjoyed all of the insider details for making it in the book publishing world. The plot was well thought out and the storyline flowed well. A recommended, entertaining read. 4 Stars.

A great read by Mia Ford about second chances between two college sweethearts, Chad & Zoe. Zoe walked away from him because he was too controlling in and out of bed but she never stopped thinking about him, even wrote best selling books about their escapades. Chad never got over Zoe either, thinking about her all the time even after many years. He is now a famous personal trainer and owns fitness studios so when he is asked to go to N.Y. to do a talk show he never expects to bump into Zoe who is also there for an interview. When they go out her married ex decides to ruin their dinner and from there it escalates. Will they get back from this? A great read that is filled with many steamy scenes about second chances and a man who is mature enough to accept where he went wrong many years ago and a woman who finally gets control and shines. I just wished there

was an epilogue to see them in the future and how they made it.\* I voluntarily reviewed an ARC of this book.\*

I don't ever like leaving bad reviews, because either way, the author works hard. But come on?! Body Heat had so much potential! It was way too rushed! Just when it was starting to get kind of good, it was literally the last chapter! I'm all for a great, short read but at least finish your story. Zoe talks about how her book was all about Chad, and how she has all these secrets that she never told him. I was getting to the point, I thought Chad would at some point read it for himself. But nope, never happens. I feel like the author should take what she has and extend on it, then Body Heat could be five stars

This book sucked me in from page one until the last page which by the way are deleted scenes and very steamy. I didn't know what emotion was going to surface next. I hated Mark from the beginning all the way through out the book damn he made me mad. I was hoping Zoe would get her act together and get away from him. When Chad stepped onto the page I was crazy about him. Zoe and Chad cared so much for each other and let way to much time pass them by. I couldn't get enough of this book and hated to put it down. I absolutely loved the ending. Fantastic Book !! I voluntarily read this ARC to give my honest review.

I hated Mark from the get go, Zoe did not deserve him or his treatment of her. I was glad to see him go the way he did. Zoe deserved so much more, and for her that was her first love. Chad was never sure why Zoe left him years ago, but he knows he can never forget her, no other girl measures up to how Zoe made him feel. Zoe can say the same thing about Chad, but left him she did simply because he was too controlling in the bedroom. Ten years later, they meet on the set of a tv show doing interviews, and things heat up from there. Neither one can forget the feelings and emotions from years ago, and neither one wants those emotions to die. So they start their relationship back up, but it may backfire in their face before it can get off the ground again. I absolutely loved this book, just like all other Mia Ford books. I voluntarily read an Advanced Reader Copy of this book.
