THE STALKER Jane is a weather girl with big ambitions. With each appearance on television, she hopes to catch the attention of a national news channel. Instead, she attracts a different kind of attention. An obsessed fan is hellbent on invading her world as a faceless stalker. Worried that her life is in danger, she turns to an old friend who assigns her a bodyguard. A man filled with strength, humor and bravery. As her stalker slowly infests every aspect of her life, Jane's attention is captured by her bodyguard as romance blossoms between them. But will this distraction prove deadly?

THE ROOKIE Things are looking up as Lara passes trial after trial while trying to win a job with a company called SecureGen. Everything looks promising until she starts to fall for Jackson, the ruggedly handsome expert testing her. As they grow close, Lara discovers that something is very wrong at SecureGen, a conspiracy is growing within its ranks which could endanger her and everyone she cares about. Convinced that she can help, Lara soon involves herself in a series of dangerous situations, but has her training prepared her to fight such a conspiracy? And is the man she cares about involved?

THE MANSION It should have been like any other assignment. Ensuring that a young boy called Max wasn't overwhelmed by being assigned a bodyguard. But when Hazel first laid eyes on Bracewell House, a mansion in the middle of a large estate, she realized the assignment was anything but usual. After growing close to the young boy who lives there, Hazel comes into conflict with his father, a billionaire with a domineering personality. Hazel feels strangely drawn to him as they disagree about what's best for Max. All the while, dangerous forces close in on Bracewell House, an isolated place under siege.

THE HACKER Molly hates her job. All she wants to do is paint, but she promised her father that she'd give the 9 to 5 life one more go. Just as the boredom sets in, she meets Andrew. An IT expert hired to look into a security breach at the company she works for. As they fall for each other, Molly uncovers a devastating secret about Andrew – he's spying on his friends. Suddenly caught up in a world of spies, hackers, and betrayal, Molly has to decide whether she truly can trust the man she loves.

THE MISSING GIRL Rose lived a quiet life. She liked to read. She spent most of her time in her tiny apartment. That was until the gunmen turned up at her door trying to kill her. In the midst of the attack, she is saved by her ex-husband, Nathan McKenzie, a man she hasn't seen in nearly ten years. Now on the run, Rose slowly unravels why her life is in danger, and whether she can ever grow to love and trust Nathan McKenzie ever again. The epic final chapter in the SecureGen romance series.

Customer Reviews

Loved reading this set. I could not put it down. There were times when I thought I knew what was going to happen, then chuckled when the story went off to the left instead of straight ahead. ..highly recommend it. Thanks for a excellently written boxedset.

A five book box set that grabs you from the start and keeps you interested till the end. Good characters and story line. NICE and clean

Loved it

Wow, what a great book. Loved it. Once I started reading it I did not want to put it down. There was one part that was so funny and believe you were not expecting that.

This was an excellent series with great story lines. I love these stories but dislike when it is half sex. This series is not that way and very enjoyable.

Enjoyed the stories. Took a few to get used to the bouncing around of who was talking or telling their thoughts.

Awful.... Couldn't even get through the first story, hero was boring not alpha. She hired a bodyguard and then was upset that he got physical and threatened someone he thought was the stalker.
