Best Sellers Rank: #22,443 in Books (See Top 100 in Books) #6 in Books > Science & Math > Nature & Ecology > Endangered Species

Customer Reviews

SO CUTE

It's a really great bullet journal :)

This is my first bullet journal and it is perfect. I needed a nice big one, and this 8X10 is perfect. The paper is plenty thick for my purposes, and while my pens show through a bit (as shown) they don't bleed through. I am INCREDIBLY happy with this purchase!

I Love This Journal! It's perfect for using as my moon phase journaling. The design wraps all the way around and on the back is a pretty crescent moon surrounded by bright gold stars and was a nice surprise. This is my second one I personally like that it is a soft cover. It lays flat if I press it down and the further in I get, the easier it lays flat. The paper isn't stark white and is relatively smooth. It takes all sizes of my Micron pens wonderfully. I also use Staedler fine tips, Stabilo's and

my favorite purple Pentel EnerGel liquid gel ink pen. I have not tried it with my calligraphy pen, but I do know that Sharpies, even fine tip ones WILL bleed through. But I have found that Sharpies will bleed through most of my journals anyway. If in doubt, do a test page in the very back of the book.

Glad I read reviews and knew what to expect when ordering this. The covers do collect fingerprints easily and the paperback cover tends to bend a bit, but I knew that before placing my order. The design is very nice and the pages are sturdy. Pens don't bleed through very often. Overall very nice beginner bullet journal for someone just starting out. Especially for the price.

When the product first arrived, I simply adored the design, the pages were a bit on the thin side but the bleeding was not excessive If you have high quality pens. However twice now a large section of pages have simply fallen out. I use this a a daily bullet journal and I carry it to and from work daily but it has never been handled roughly so I am very sad to see this.

Pretty good journal & it will work for me, but it has 80 pages, not 160. I'm assuming the 160 page count is counting each side of paper, but it was misleading because when it arrived I expected it to be 160 pages.

These are wonderful! My daughter is using it for calendars and charts and school hasn't even begun!
