MY KID USED IT FOR 8TH GRADE ENGLISH. IT WAS HELPFUL FOR HIM TO REVIEW WHAT WAS TAUGHT IN CLASS.

I homeschool my children, and literature is always one of the subjects I struggle with for curriculum. This was the first time buying this book from Prentice Hall, when I received it I was extremely happy with my purchase. I also bought the 10th grade edition for my son. I bought the book used and it was in new condition, no writing anywhere in the book, the pages had no creases, and all the pages were there. think I will use them for the remaining years of our homeschool journey.

This has been my first experience with Marketplace, and it has been a good one. I received many of my items in a timely manner and in the condition has indicated. One thing that can really improve this transaction will be the ability to see a picture of the said item. Words and descriptions are pretty much relative....good condition for one person might just be acceptable for another. Some of these sellers use descriptions deceptively, personally I called one for clarification and he sent a very vague, nondescript reply, those I stay clear of. But this book was in decent condition and the marking

inside was minimum and it was a good price overall. I would certainly make purchases and recommend this seller.

The text books always come in in much better than condition than I expect (mostly because they give you a condition grade when ordering). Usually there is a bit of writing in the inside cover. I can live with that. I keep these books at home so my kids don't have to carry a heavy backpack or if they forget to bring the books home. This is an inexpensive way to make sure they can get their homework done. I highly recommend the seller.

Yeas it did

My daughter's book came a lot quicker than I thought. I was very nervous about even ordering but I have to truly say that I was very impressed. The condition of the book was very good also. I will be ordering again!

Excellent literature book.
