Atomic Power With God, Thru Fasting And Prayer

Synopsis

2016 Reprint of 1950 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. Along with many others of the depression era Franklin Hall grew up in rural poverty and was deeply religious. Initially he was with the Methodist church but their stance against healing forced him elsewhere. During the depression and World War II he travelled as an independent evangelist. In 1946, he published a brief book entitled "Atomic Power with God through Prayer and Fasting." The book, which provided detailed information on the methods and benefits of fasting, was an immediate success and brought Hall considerable fame. According to Hall, all of the major evangelists began following his fasting regime and miracles erupted everywhere. Many observers of the early revival years agreed, as one said, "Every one of these men down through the years followed Franklin Hall's method of fasting."

Atomic Power With God Through Fasting and Prayer is a great read for every Christian who seems to keep "going around the mountain." If you want breakthrough, want to draw closer to God, fasting is the key. This book has scripture, advice, and testimonies of what fasting can do for you, spiritually and naturally.

This book is the most, greatest book I've ever read. Once you read it, it's all you need to read concerning Fasting and Prayer. Written in 1946, it's still the best book there is. Written by

Franklin Hall, who has several other wonderful books, well there's no other book you'll need. I like it so much I got 2 more, just so I have them. Thanks William

This book challenged me to pay special attention to fasting. After reading, I have a deep desire to fast and go deeper with God. Any book that provokes me to sprint after God like never before will get my 5-star rating. This book does that. Read it in faith that Jesus Christ paved the way for us to live above and beyond the natural limitations of humanity. I pray you will be blessed and begin to fast and pray. Love.

This book is a must read for Christians who desire to be deeper with God. There is a dimension of relationship that only comes through prayer and fasting and the writer explains it well. It has assisted me on my 21 days fast and I'm seeing the benefit. I would recommend it to any one who wants to experience the glory of God in their lives. The original paperback book that a friend had, included some great charts and illustrations that have not been included in this e-version that was a disappointment. Also there are a few needed type corrections. All in all it is a good book to read illustration or not.

This reads more like a manuscript for prayer and fasting and yet gives very real results if the reader is ready to give more than just a few meals when it comes to fasting. These pioneers blazed the Pentecostal trail before all of us. It has given me a new perspective on how to & why we need it now more than ever!

This is an awesome, inspiring book! I just started reading it for the third time. The first time I read it was a stack of papers stapled together by a friend, that he had photocopied. (Ok because it's in the public domain now.) I'm so glad it is available in a Kindle version now! This book should be required reading for Christians.

Learn how to successfully enter, navigate and exit a God-chosen fast. This book is a must-read classic for every sincere, old fashioned Christian who wants a Bible-designed (not church-designed) relationship with Jesus.

Fasting is something that is not very popular today in the church but it is scriptural and should be a part of every Christian's walk with God. This book goes into more of the longer fasts and discusses

the practical elements but most important, it offers the promises held in God's Word for those who may partake of this discipline. If you're used to reading that is easy on the flesh, you may cringe a little but it will be good for you as it was for me. In fact, while I've just read the book once, I'm reading it the second time. Fasting has always been a part of my walk with Christ but I needed challenged and this is doing it. If there is any time we need revival it is now and this is one of the elements that can give us revival. The book was written in 1948 so it gives a prospective from that date however you'll find that it isn't much different today as it was then as far as the problems facing the church, they are just a little more intense today. Give the book an honest and prayerful reading. Don't expect to change and do everything overnight but God will help you if you are serious. Even if you have never fasted while praying, it will give you a god start and the faith to do so. May the LORD bless you as you partake of this great truth.
