Really cute but I thought it was hard back! It's also literally an abc book where you fill in the blanks. "My nana is a____" "my nana is b_____". I guess I've seen ones like this in the store and they were hard back with a little bit more to the prompts. I feel like I could have made this and had the top page laminated. Oh well. Still a super cute gift and it was my bad...Pay attention to what you're ordering!

I bought this for my 10 year old daughter to gift to her Nana. It's such a nice way to give a very personalized gift. I do have to say that some of the letters were a bit challenging to find adjectives to describe Nana, such as Q and X, but in the end we were able to find some after seeking Google's help. I had my daughter write on a separate sheet of paper all of the words before she wrote them in the book. This helped to prevent misspellings and any other errors. I would recommend this book.

My children gave these to their Nana for Mother's Day. They really enjoyed filling out the pages and getting creative with their drawings. Then on Mother's Day they read it aloud to their Nana. She loved this special gift.

Very simple and cute. Got this for my daughter to give to my mother in law for her birthday. She is simple, so this was a nice cute present that she enjoyed, especially because my daughter engaged in filling out the words inside.

My kids really enjoyed filling out each page. They gave it a lot of thought and then colored the page to match the adjective they picked. My mother absolutely loved the book when she received it from my kids for Christmas. What a great idea... glad I came across this.

Super cute. Good quality for the price

I was really excited to get this for my kids to give to my mom but half the book is upside down and not printed fully on the page, very disappointing

Absolutely love this book... It gave my kids a chance to not only educate themselves on some creative words, but give a great gift to their Nana on Christmas
