National Parks Of America: Experience America's 59 National Parks (Lonely Planet)

Synopsis

To celebrate America's amazing national parks, Lonely Planet, the world's leading travel publisher, takes you on an informative and gorgeous tour of all 59 parks with our lavishly finished hardcover gift guide packed with detailed itineraries and practical tips on what to do and see in each park to get you started planning your next adventure. America's national parks are full of timeless marvels that still rejuvenate the soul: the world's largest trees in Sequoia; its most spectacular geothermal site in Yellowstone; the grandest canyon. Perhaps the movement's most eloquent description that is still resonates came from national parks advocate John Muir: 'Thousands of tired, nerve-shaken, over-civilized people are beginning to find out that going to the mountains is going home; that wildness is a necessity...' Fortunately for the nerve-shaken, over-civilized people of then and now, President Woodrow Wilson created the National Parks Service (NPS) on August 25, 1916, though the drive to protect some of America's most remarkable wild spaces, to be 'used and preserved for the benefit of mankind', began in the 1860s. From Acadia to Zion, this beautiful introduction to America's preserved natural treasures is packed with landscape photography, original wildlife illustrations, and practical information. You will surely be inspired to rediscover these incredible spaces and find out why they're worth celebrating and you'll have all the tools to plan the first of many exciting trips. This book is intended to be a practical introduction to each of America's 59 national parks, distilled by Lonely Planet's expert authors. We highlight the best activities and trails, explain how to get there and where to stay, show you the wildlife to watch out for, and suggest ideal itineraries. Whether you're lucky enough to have a park on your doorstep or need to travel further, we hope that the following pages inspire you both the iconic and lesser-known gems that make up the USA's diversely breathtaking expanses. Covers all 59 US National Parks: Acadia American Samoa Arches Badlands Big Bend Biscayne Black Canyon of the Gunnison Bryce Canyon Canyonlands Capitol Reef Carlsbad Caverns Channel Islands Congaree Crater Lake Cuyahoga Valley Death Valley Denali Dry Tortugas Everglades Gates of the Arctic Glacier Bay Grand Canyon Grand Teton Great Basin Great Sand Dunes Great Smoky Mountains Guadalupe Mountains Haleakal? Hawaii Volcanoes Hot Springs Isle Royale Joshua Tree Katmai Kenai Fjords Kings Canyon Kobuk Valley Lake Clark Lassen Volcanic Mammoth Cave Mesa Verde Mt Rainier North Cascades Olympic Petrified Forest Pinnacles Redwood Rocky Mountain Saguaro Sequoia Shenandoah Theodore Roosevelt Virgin Islands Voyageurs Wind Cave Wrangell-St Elias Yellowstone Yosemite Zion About Lonely Planet: Started in 1973, Lonely Planet has become the world's leading travel guide publisher with guidebooks to every destination on the planet, as well as an award-winning website, a suite of mobile and digital travel products, and a dedicated traveller

community. Lonely Planet's mission is to enable curious travellers to experience the world and to truly get to the heart of the places they find themselves in.

Customer Reviews

"A glossy, lavishly illustrated guide to the country's most famous national parks, from Acadia to Zion, with tips on where to stay, what to look for and suggested itineraries." (San Jose Mercury Times)"Breathtaking photos from the 59 national parks make this coffee-table book a treasured commemoration of this year's centennial of the park system." (San Francisco Chronicle)"Lots of great tips on how to get the most out of your national park experience." (Buzzfeed)"This comprehensive guide to all 59 of America's national parks features gorgeous photographs and detailed suggestions about where to stay, what to do, and what flora and fauna you can expect to see." (Entertainment Weekly)

I love the National Parks, and this book is so neat!!!! I love to look at photos of the various parks and re-visit those I've been to. It's also nice to view new parks and find out where they're located. I'd like to see most of the parks.

A beautiful book. Lots of nice pictures and overview of each park. However, in looking at the write-ups on parks I've visited, I saw a picture of the Maroon Bells (near Aspen!) as the first photo for Rocky Mountain National Park. Aspen is nowhere near Rocky Mountain National Park! Sure it's

a great picture (two pages wide!) but the Maroon Bells aren't in the park! There are probably more instances of artistic license in the book, so I give it four instead of five stars.

I got this for my grandmother for Christmas, she likes it and I read it before I sent it to her, I was looking for vacation ideas. She is into the national parks and enjoyed the PBS special they had a few years back, which is what made me buy this when I saw it as a deal of the day.

Great book to get a feel for all the National Parks. Decent amount of pictures and good that they have 1, 2, and 3 day itineraries. It helps me get a gauge of I think a park is worth visiting if I stop by that area.

Excellent book to use for planning a trip to a National Park. It includes itineraries and recommends things to see, as well as mileages that can be useful.

Beautiful book, good illustrations. My children love it. We plan on visiting one National Park each year. This should help us decide.

Best book that I have purchased ! it is very simple and very informative. It helps planning for you trip I also bought one as a gift for a friend.

Very nice guide. It is designed as an overview, so don't expect in-depth writing on any one particular park, rather invest in their individual guides. This makes a great gift for someone who's decided to visit all the National Parks or to travel the country but hasn't picked specific destinations/stops yet. The itineraries seem practical and fun based on places I've already visited.
