Speech-Language Pathology Study Guide (Praxis Study Guides)

Synopsis

Complete with a targeted review of all the material on the selected Praxis exam in addition to a full-length practice test, these test preparation guides are written by the makers of the real tests. Thorough explanations of the answers are provided and helpful test-taking strategies are found throughout the guide. The three categories of assessments covered correspond to the three milestones in teacher development-academic skills assessment, subject assessment, and classroom performance assessment. Reflecting the rigorous and carefully validated nature of the exams, these guides provide beginning teachers the information needed to succeed.

Book Information

Series: Praxis Study Guides

ISBN-10: 088685234X

ISBN-13: 978-0886852344

Product Dimensions: 11.2 x 8.2 x 0.2 inches

Shipping Weight: 9.6 ounces

Average Customer Review: 3.6 out of 5 stars 5 customer reviews

Best Sellers Rank: #813,943 in Books (See Top 100 in Books) #190 in [Books > Education & Teaching > Higher & Continuing Education > Test Preparation > Professional > Teaching](#) #1329 in [Books > Education & Teaching > Schools & Teaching > Education Theory > Language Experience Approach](#) #3289 in [Books > Education & Teaching > Studying & Workbooks > Study Guides](#)

Customer Reviews

Educational Testing Service (ETS) is the world's premier educational testing organization and the only publisher of GRE and TOEFL test preparation materials containing authentic test questions from start to finish.

This is a handy review useful for preparing for the SLP Praxis exam. The practice test contained in this book is a good exercise for distinguishing strengths and weaknesses in prospective test takers. The test-taking advice makes good sense and I recommend this book to all graduate students in Speech and Language Pathology.

I really expected something else, but after I began reading it; it had a lot of information in it. The answers are in the question and it explained why the answer was or was not correct.

This study guide is ok, but not great. Because it was published in 2003, and probably written in 2002, I think that some of the information is outdated. A list of study topics are provided but not the information that goes with the topic. The practice test is ok but there were a few answers I did not agree with. (and this could be due to newer research than the book has) I would have liked a second practice test. This is the best of the not so great options. It is the most recently published, which is why I selected it, but it could use some updating. I would like to see a cd-rom added with more practice questions

a learning tool

This book doesn't prepare you for all of the questions on the national exam, but answering the study questions provides a comprehensive review of all topics covered on the exam. The practice test is a great way of preparing and knowing what to expect on test day.
