Garth Ennis has been writing comics for twenty years, initially for British titles like 2000 AD and Crisis, then for various American publishers. As well as PREACHER, his credits include HELLBLAZER, HITMAN, WAR STORY, ADVENTURES IN THE RIFLE BRIGADE, KEV, BATTLER BRITTON, The Boys, Battlefields, Dan Dare, 303, The Chronicles of Wormwood, Crossed, Streets of Glory, Dicks, The Punisher, Fury and The Pro. Originally hailing from Belfast, Northern Ireland, he now resides in New York City with his wife, Ruth.

Preacher is my favorite vertigo title of all time. I don't even remember why I bought the first issue, but I'm glad I did. The story of Jesse Custer, girlfriend Tulip and friend vampire, Cassidy, it's the

simple story of a man's search for God. Not the spiritual way, but actual God. And that all I can say. Get it. Read it. It's not for everyone, and it helps if one has a warped sense of humor, but it's worth reading! Again and again and again.

I hadn't read this in a long time. it was good to experience this world again. ona digital format makes traveling for work a perk. Yeah I'm probably the late thirties guy in jeans and sport coat reading comics next to you int he terminal or on the flight. Comics... nope. GRAPHIC NOVELS. lol.Volume three I think has some of the most amazing story arcs in the preacher storyline, right there with volume 2. If you like hte TV show, you love the first 3 volumes and see how tame that in your face show is compared to the 'Comic'. lol.And a great story line where cassidy basically calls Anne Rices vampire motive the twilight of the grunge generation (and so right)

A nice reading. Its a 90s comic and great if you were between 15 and 20 during that time. The story its not great but you will get a lot of laughs. I recommend the tpb, the deluxe version its more expensive but you should bought it only if you already had read this and loved it. Its not even oversized

DOES NOT GET ANY BETTER THAN PREACHER! Garth Ennis and Steve Dillon at their very BEST; the whole series is amazing and by far the best comic I've read!! first read this when it came out, and even bought the original graphic novels as they did too. But this set is worth buying the series again essentially for the third time. The colors are beautiful, the weight of the books feel perfect, and I love the feel of the pages.

Continues the great books that came before it and a deep dive into certain characters, if you can't tell by the cover.

Not the best of the series but ties the story together nicely. If you like 90s blastfomy comics this is for you

Preacher is one of my favorite comic book series of all time, up there with Bone, Akira, and Locke and Key. Garth Ennis is abso-bloody-lutely brilliant here, and Steve Dillon's art is fantastic. Buy this series. Vertigo recently whittled this down from 9 volumes to 6 books. The quality is a little better too. The covers have a nice textured matte finish.
