Milady's Aesthetician Series: Permanent Makeup, Tips And Techniques

Synopsis

Permanent Makeup: Tips and Techniques, part of Milady's Aesthetician Series, focuses on the newest techniques and the latest trends in permanent makeup, one of the hottest procedures in the aesthetics industry today. This growing industry is also one of the most technique-sensitive with high demand for informed permanent makeup artists in plastic surgeon's offices, cosmetic dermatologist's offices, and spas. Permanent Makeup: Tips and Techniques is designed to provide readers with comprehensive information regarding FDA and state laws, and current studies. Readers are also introduced to anatomy and physiology relating to permanent makeup and exercises are included to help reinforce the information. A section on tools and how they relate to the procedures is included, as well as information on inks and their different pigments, organic and inorganic pigments, and the various results achieved. With photos to help illustrate the techniques, this book is an absolute necessity for the permanent makeup professional.

Customer Reviews

To date there are no manuals that I am aware of that offer a product resource for upper level education

Great product, price and delivery.

I found this book to really help with passing my State Broad test for Permanent Makeup. Excellent source of information for student starting out doing this service. Was a bit late in delivery but once bringing it to the attention of they took care of it immediately and was shipped within the week.

This book is very informative and although it didn't give tips for the application of permanent makeup, it did give tips for the over all procedure of permanent makeup and It details color theory real well. I think this book is a must for the permanent makeup technician!!!

sucks. It has the most basic info in it ever. Just how to steralize things, how to shape a brow, etc. You can learn all of this on Youtube

Great

I am enjoying the book and it exceeds my expectations.

great book

Good book. Very informative. Great for professional makeup artists as a reference book. Good, good book. I love it. Buy it!
