# More Cruise Tips: From The Cruise Addict's Wife

## Synopsis

She's back! Come along as Cruise Addict's Wife shares even more tips and hints to make you the smartest passenger on any cruise ship. See more, do more, enjoy more, relax more, and save a boatload of money along the way. Learn which cruise line suits your style best, what time of year to book the best cruise, how to choose a cabin (and which ones to avoid at all costs), how to book a private tour that will save time, money, and stress. More Cruise Tips is chock full of insider tips you won't find anywhere else. It's no typical, dry travel guide; this one is full of stories and personal experiences that will have you grinning as you reach for your highlighter to mark yet another section. Seriously, you need this book before you plan any cruise vacation! And it's less than a single frou frou drink onboard. BONUS: chapter from the Cruise Addict's Mediterranean Cruise book, complete with ship's shopping list!

## Customer Reviews

With only 30+ days to my next cruise, I read this book to prepare myself. It put me in the right frame of mind. Panama Canal here we come. The book provides lots of insight and tips I'll put to use. I just need to win lotto so I'll have the money for all the cruises I want to take. I read this book after

reading the first cruise tips book. I'll be ordering another of Deb's books. I highly recommend these books for everyone, even if you don't plan on cruising but would like to learn about a cruise vacation.

More Cruise Tips From the Cruise Addict's Wife is informative, concise and well written. I have never been on a cruise and was looking for information. This book is crammed with tips and the author's experience and I learned so much my head was spinning. I'll have to read it again with a notebook next to me. A terrific guide to cruising.

Another great book that is loaded with useful information for both First Time Cruisers and veteran cruisers. My wife and I took our first cruise on the Carnival Valor in June 2017, which was a fabulous initiation into the joys of cruising. The tips in Deb's came in handy and I know that I will be referring to it off during our next cruises and, yes, we are looking forward to more cruises in the near future.

I enjoyed reading this book just as much as the first cruise tips book written by Deb. There were several items I thought should have been elaborated on in the first book, such as the muster drill. She was quick to discuss this item and other missed ones in this book! I loved the funny stories and anecdotes about other cruisers and port experiences, definitely had me chuckling! The only negative thing I didn't like were some of the passing comments made about other cruisers/ways of doing things on cruises-some of them were a little judgmental. But sometimes this just can't be helped, depending on the topic. Thanks for a great read, Deb!

I am doing my research prior to booking a cruise for the first time. I loved Deb's first book, The Cruise Addict's Wife, and enjoyed this just as much. She provides wonderful insight into the inner workings of the cruise industry while explaining the different aspects of cruising. I'll definitely be a well informed cruise passenger! I also feel much less intimidated by the many decisions that need to be made prior to booking. Deb provides information in a concise manner with a great sense of humor.

A good source of information but it seemed like a lot of her tips had been covered in her other two books. Still far better than most of the cruise tips out there.

We may be soul mates! I raised my kids with the philosophy "Let them rise to expectations, they may surprise you" I haven't been on a cruise yet but have threatened my husband with unmentionable harm if I don't get on one for my 50th b'day in 2 years :) Thanks for the advice

I highly recommend reading Deb's book as she has a wealth of knowledge to share! If this is your first cruise or the 10th, you will pick up ideas that will enhance your vacation.
