Is It Wrong To Try To Pick Up Girls In A Dungeon?, Vol. 2 - Light Novel (Is It Wrong To Pick Up Girls In A Dungeon?)

Synopsis

"Hello, white-hair." When someone calls out to Bell with these words, he discovers that the voice belongs to a girl who introduces herself as Lilly. Somewhat goaded into teaming up with her despite the many doubts running through his head, Bell has a successful turn in the dungeon with his new companion. Though their alliance is short-lived, the negative rumors swirling about the guild to which Lilly belongs, the Soma Familia, are anything but. Later Bell is confronted by the tales of a mysterious sacred wine said to steal the hearts of all who drink it, and--?!

Fujino Omori is the author of the hilarious fantasy light novel series, *Is it Wrong to Try to Pick Up Girls in a Dungeon?* Suzuhito Yasuda is the artist most known for his illustrations for the *Durarara!!* light novel series as well as the hit new light novel series, *Is It Wrong to Pick Up Girls in a Dungeon?*

Great book but cheap printing. I don't know why Yen On is slacking on the printing of the cover. Every other book series has a nice shiny gloss finish. However this series is a matt finished. It's like they just skipped the gloss phase in printing to save money yet this book is more expensive than others. It picks up dirt and finger prints too easily. The story is very fun to read. This is a spin off from the main series. It focuses on Aiz and the Loki familia. It follows along the same time frame of the main series. So everything that was going on with Bell, this will be told from Aiz's point of view.

Great read but the printing quality is very lacking.

Loved it and have no problems and can't wait to read it! I'd recommend this manga to any anime/manga lover!

all the light novels in this world are MUST READS! Fujino Omori is awesome, if you haven't tried this series of books and the originals this is a spin off of, what are you waiting for?!

Of the light novels that Yen Press has gotten this one is my favorite. To me it is what it would be like if you lived inside an RPG. If you've read the first novel expect about the same in this volume. There really isn't any character development in this volume, instead the introduction of new characters and more worldbuilding is prioritized. My favorite thing about this series so far is the world that the story takes place in. It very much feels like the hub area of an RPG. In this volume you get to see how some items are crafted and vending work, and it's really cool. You also get to see some new stuff in the dungeon area. The only drawbacks I have to this series so far is the lack of character development and the predictable storyline.

Very much fits to the original story line.

Wonderful series

Great story

Having seen the anime and read the manga, I just had to read the original material. Light novels are aimed at teens of course, so I wasn't expecting something as involved as *The Lord of the Rings* or even *The Belgariad*. For me, this was a quick read, but a good read. While the story isn't the most original, I like the fairly original idea of watching the D&D like characters in their everyday lives, going to 'work' - which is a dungeon crawl. Even though I already know the general direction the story is headed from watching the anime, I want to know all the little details that have been left out. I like the story and the characters, I like the pacing and I'm looking forward to the next volume,
