New Testament Survey

Synopsis

First published in 1953 and revised in 1961, Merrill Tenney's comprehensive survey has served to introduce the general reader, student, and teacher to the world and message of the New Testament. Written in a clear, nontechnical style, *New Testament Survey* begins with a survey of the social, political, economic, and religious background of the New Testament, and then goes on to examine the various groups of New Testament books, which are considered in their historical settings. The book concludes with a penetrating study of the New Testament canon. Undertaken at the request of Dr. Tenney, and prepared with his full approval, this 1985 revision by Walter M. Dunnnett includes an entirely new chapter on the Jewish background of the New Testament, plus several new short sections, including materials on the Gospels and the canon of the New Testament. The bibliography has been enlarged and updated, and many of the book's numerous illustrations, maps, and charts are new. Great care has been exercised to retain the spirit and quality of the original work, ensuring that the book will remain a standard in the years to come.

Customer Reviews

(d.1985) He was for many years Dean of the Graduate School and Professor of Bible and Theology at Wheaton College in Illinois.

I have to say that this is a foundational book on the background of the New Testament. Tenney is a very clear writer, clearly well studied in history as well as biblical topics. The book goes through the

background of the New Testament giving cultural, political, geographical, economic, and religious influences. It also gives discussions on the authorship, date, outline/structure, content, purpose, and themes of every book in the New Testament. This is a superb survey of the New Testament, used in many introductory courses on the subject for good reason. I highly recommend this book to all Christians seeking to understand the New Testament better.

Arguably my favorite New Testament survey. Its a bit dated, and not terribly in depth, but when paired with other books of the same subject matter it has several insights that are valuable.

As the title says, this book is a general survey of the NT. All relevant people, places, and topics are presented by an able scholar. This is a good place to start.

Great it is a good read!

Good

Great for Teaching!

Very good for those wanting to understand the life and time of Jesus Christ!

This was a school book for class, very informative. We learned about customs and History of what was in that era
