Suzuki Harp School, Vol 2: Harp Part

Synopsis

The Suzuki Method(R) of Talent Education is based on Dr. Shinichi Suzuki's view that every child is born with ability, and that people are the product of their environment. According to Dr. Suzuki, a world-renowned violinist and teacher, the greatest joy an adult can know comes from developing a child's potential so he/she can express all that is harmonious and best in human beings. Students are taught using the "mother-tongue" approach. Titles: Rustic Dance (F. J. Haydn) * Siciliana (M. K. Waddington) * Allegro (F. J. Haydn) * Seguidilla (C. Excellent book with progressively harder songs. Can be used for both lever and pedal harps! Fingerings included. Looking forward to getting book 3.

very clear, easy to read music with great playing results

Good book.. You had it here right on time

It arrived quickly and was exactly what I needed. I have the Volume 1 so I knew what to expect and it didn't disappoint me.

It's certainly interesting; plain to read... wish I had more fingers and musical aptitude.

My kids have followed the Suzuki curriculum for several instruments. I think the Harp progression is probably the best organized in terms of cleanly adding skills one at a time for each song. I would recommend it to anyone learning harp -- child or adult, "Suzuki" or "traditional". It can be a lot easier to learn songs when you know the words. It is wonderful to be able to download music books. It saves travelling with a heavy bag of books. However, it would be more user friendly if the score could be enlarged in the same way that text can be enlarged.
