Table of contents that offer many categories of food to put on the grill. Each recipe starts out with a color photo, title, list of ingredients and how to make it. Inside this handy five star recipe book you will find fantastic recipes (all with photographs) for grilled beef, chicken, seafood, lamb, vegetables and even cheese! This is one of the best meat recipes books i have and would be a great add-on to any cookÃfÂçÃ â ÑÃ â„çs collection. I would like it paperback format as well. I am so impressed with it.

When I saw this awesome cookbook cover, I couldn't resist and went for it. I am glad I did, this BBQ recipe collection is truly amazing. I am lucky to live in a region where beef is cheap and of good quality. Usually, I use a pan to prepare meat, but I can use every recipe in this cookbook even without a BBQ. Every recipe is well presented, and the pictures are beautiful. There are so many different ways you have to prepare steaks. Besides beef recipes, you also get pork, lamb, chicken, and fish, as well as burger recipes, sausages, and even side dishes and vegetarian recipes like tofu, vegetables, and cheese. The last part is about delicious sauces. This is one of the most original cookbooks I have. Great value!

I love the taste of juicy meat and melting cheese in my mouth, and this cookbook gave me some great recipes to try. I tried several dishes, they are very tasty, and adding vegetables makes it even more interesting and diverse.
