Big Book Of The Berenstain Bears

Synopsis

THE BERENSTAIN BEARS' First Time Books™ are all about new experiences children encounter in their early years. With good-natured wisdom, love, and gentle humor, these books ease the way for kids - and their parents - through these first times. Collected in this treasury are: The Berenstain Bears Go to the Doctor, The Berenstain Bears and the Messy Room, The Berenstain Bears in the Dark, The Berenstain Bears and the Sitter, and The Berenstain Bears' New Baby.

Grade Level: Preschool - 2

Customer Reviews

Stan and Jan Berenstain have written and illustrated more than 300 books about the Berenstain Bears.

Our 2.5 year old can sit through 2-3 of these stories at a time and doesn't get bored. The Berenstain Bears books teach great values. He is much more excited to have baby sitters because of the story of the sitter. It's great for us! I like the combined books because they save room on our bookshelf, teach my kids to find the story they like amongst others, and can kill 30 minutes reading all the stories when my child is in the mood. I think that's something some parents are scared of if their young kids are ready for bigger/longer books and mine has been since he was 22 months or so.

I love that this book has several stories in one book. Takes up less room on the bookshelf & I don't have to go digging through all the paperback books to find a specific story. Will be buying more hardcover storybook collections!

Got for my grandchildren. They love to hear the stories and these books have good life lessons as well.

Wonderful selection of Berenstain Bear stories-----my grandkids love these stories

Growing up I never actually read any of the Berenstain Bear books. I always liked to look at the covers, but I was more or less into Clifford. Fast forward 26 years and I'm trying to give my 3 year old daughter a good variety of books to encourage a love of reading. She likes this Berenstain Bears book, I can't say it's one of my favorites to read however. The language used in the book is awkward at times, perhaps intentionally. I was kind of surprised in the first story when Sister Bear is born, she punches her Brother Bear in the face. I find no problem with my daughter reading this, because I see it for what it is, but I know at least one couple who would object to this sort of thing from being in books their child reads. The morals in the Berenstain Bear books are great, the pictures are great, and the stories themselves are entertaining for children. As long as my daughter keeps asking for the book I'll gladly read it, but she definitely prefers the less wordy Little Critter books at her age.

All the childhood memories started flooding back when I started reading this book to my newborn a couple of months ago. The stories of Mama, Papa, Brother, and Sister bear and their life lessons. This book is a MUST have. Actually just do your inner child and your children a favor and get the entire collection! The stories are just short enough, but long to where if you started bed time a little earlier, you could sneak in more cuddle time with your growing children.

My nephew loves this book. It is a really good buy! We have already read it so many times!! The stories are excellent, educational, interesting, and fun as are most of "The Berenstain Bears" series books. Sometimes buying collections of stories in one book is difficult because you have to take the whole package. There is one story that should not be included in this book in my opinion. That is why I wanted this book to lose one star, but it is really so good even without the one story that I could not take the star away. Great! Great! Great!

Great price for 5 stories. .
