Customer Reviews

Considering the information pertained to some of the older laws, it was still helpful.

The book is helpful, although it is confusing because it needs to be updated as soon as possible as it is out of date on some things

I download the Kindle app into my phone and just listen to it when I have the opportunity. It is very handy for me because I have a long commute to and from work and was almost like a song towards the exam and I passed. Please note that I combined this with "Pass the Mortgage Loan Originator Test" by Real Estate Institute. Both materials helped me pass in my first attempt. Hope you will find them useful as well. Good luck.

This book helped me pass the test! I failed the first time without the book, but this helped me A LOT

the second. The reason why I didn't give it 5 stars is because I wish the narrator didn't sound so mono-toned. There were a few times when I was driving and listening to it, it made me so tired and sleepy. Overall, it's a great book.

Does not have information for TRID, need to be updated. Otherwise it was well organized and easy to follow.
