Helpful once I get started....thank you.

fine

Very nice for the beginner. It helps me make noise that is very pleasant to the ear.

It's okay if you just want chords to songs to play on the autoharp. It doesn't really "teach" you anything.

Great book for learning the Autoharp. Easy to understand. I recommend this book

I am very happy with the way this book is laid out. It is easily readable and worth the money.

Very basic and would be OK for a beginner. The theory and explanations are not very clear.

Shipping was fast and everything met my expectations. I'm sure that the Mel Bay's Fun with the Autoharp will help me reach my goals in learning the autoharp. Thanks so much.
