We received our pre-order copy of Pinkalicious: Fairy House yesterday and it is already a big hit. It is a very happy story that combines two of my 5 year old's favorite things, Pinkalicious and Fairies. It is a Level 1 "I Can Read!" book that was an easy and confident read for my kindergartner with a few challenging words to improve reading skill. The best part about the story was that it was very positive throughout. Some of the Pinkalicious books have had some negativity to them where there was a dislike for pink from some mean girl types that Pinkalicious ran into that didn't really make for a fun read. Not in this story. It is all about having fun trying to catch a glimpse of some fairies who sprinkle fairy dust in the yard to make the flowers grow. Pinkalicious even gets help from her little brother Peter and they work so well together building a fairy house and play yard to entice the fairies to visit. The best part was when my daughter stopped reading in the middle of a page and said "That is a really pretty house!" about the house that the two kids were building for the fairies. It was a completely unprompted and out of the blue comment which really is a testament to the fine artwork in the book. She really enjoyed the book, which is the most important part of all. Long story short, the book has a positive and fun story with a happy ending, great artwork and is a great reading book for young readers. One of the best Pinkalicious books so far. Five Stars. Highly Recommended.

My 5-year-old daughter and 3-year-old son love reading this book (and I do too!). My daughter has her own fairy garden and this gave her some ideas. She made a pathway with seashells. The illustrations are incredible and very magical. However, the "I Can Read" level 1 is deceptive -- it should be a 2 because it's not simple reading. But a beautiful story.

I look this book, and so my does my little girl! The pictures are sweet. The pages are simple and easy to follow which has made it simple for my little one to "read" along. Each time we finish, she

likes to pick out which other Pinkalicious books she'd like to read (which is the hallmark of any great book, in my opinion!)

Pinkalicious is a favorite of my granddaughters. She's so happy and curious about fairies. I bought both granddaughters fairy houses for their birthdays and with this book, the excitement continues!

This book is very cute. My daughter is learning to read and is actually picking it up really quick. This book is perfect for her, especially because there's pink and fairies! Very cute idea.

Good pictures and nice story. Enjoyed with kindergarteners through third grade. Fairies were great! Easy to read. Read aloud with your little ones.

None that I know of. Mine loves this book and the fairy garden planter I sent her with it. Definitely a good surprise!

Cute book for little ones who have a fairy garden
