Elegant Thanksgiving Recipes: Upscale Your Traditions

Synopsis

Make your Thanksgiving dinner one they'll remember ...in a good way! With awesome food! Do you search year after year for the perfect Thanksgiving recipes to add a new twist to your traditional turkey and dressing menu? Thanksgiving is a difficult holiday to try to serve something different. Sometimes the tried and true is what everyone wants. So why not give it to them - with some upgrades, of course! This Thanksgiving recipe book from Natalie Oliver includes a complete menu with recipes for a stunning traditional turkey and dressing meal. Your family and friends will enjoy upscale tradition and never know what hit them! If you've decided to be daring and go with something other than turkey, Natalie also includes two other menus - one with a lamb main course and one with pork. Each mouth watering menu includes appetizers, a main course with several side dishes, a dessert, and a signature drink for the meal. You'll also have a chance to get printable shopping lists for each menu and a BONUS! See inside the book for details!

Customer Reviews

This is a short, simple, easy to follow holiday cook book. If you don't notice it before Thanksgiving, why not buy it for Christmas. The recipes will get you through almost any winter gathering. You can follow the menus suggested, or you can mix and match. The recipes are clearly written and, although not highly sophisticated, are very tasty. Some will take you right back to your childhood Thanksgiving table. For the beginner, there are even detailed shopping lists.

My family and I decided that we wanted to try something different for this Thanksgiving. Fortunately for us we found Natalie Oliver's book, "Elegant Thanksgiving Recipes". I love the way the book is organized into several complete Thanksgiving feasts each complete from main course through to dessert. Whether you want to go with a more traditional turkey dinner or a menu with lamb or pork, the author has you covered. I was also thrilled to see that each menu had a recipe for a special holiday cocktail! Just thinking about all of the wonderful recipes included has my mouth watering. There are so many excellent dishes that I want to use some recipes from each of the author's menus. I've decided to go with the traditional oven roasted turkey. This will go well with the scrumptious rosemary purple potatoes, parsnip cream soup, cornbread and fig dressing, and other tantalizing dishes. The book is organized in a simple, easy-to-follow fashion. The recipes are clear and easy to understand and easy to prepare which make them perfect for a busy person like me. If you want to impress your Thanksgiving guests as well as your own taste buds then "Elegant Thanksgiving Recipes" is just what you need. Highly recommended.

Great compilation of the wonderful classics and quite a few recipes I would probably not have even thought of... Turns out the only Thanksgiving recipes I've made are all "southern" - funny since I grew up in California & Colorado. LOL At first I was a little put-off, then I realized that in our family we do the SAME Thanksgiving recipes EVERY year... And even then, every year I have to look up instructions on how to make some of those dishes again. Maybe part of the reason we only make the traditional Thanksgiving recipes once a year is that we've never had most of the other options... So now I am excited to try something completely different this year! The three different menus each include up easy-to-follow directions with some tasty-looking images. And the bonus shopping list you can download from her link is going to make it so much easier to find the items needed! Thanks for putting together such a great cookbook!

Southern menu for the Thanksgiving day

feast. Some pictures, not many have nutritional information provided. Very detailed step by step instructions. Pumpkin bread would be my favorite to try, as the ingredients sound the healthiest for our meal plans. Bonus gift available and other works by the author are highlighted at the end.

This is exactly what I was looking for to get ready for the Holiday season. I'm not the best cook and many of my recipes are a bit outdated. I wanted something easy to follow, but also a bit more sophisticated and different. These recipes are perfect for my "Thanksgiving makeover" this year. I'd recommend this for any looking for something a little different without too much of a learning curve.

While there are many elegant recipes, my family has enjoyed many of these on other than elegant meals or Thanksgiving, such as pumpkin bread. There are many that use ingredients that I don't normally use but might buy so I can try some of these. The photos are gorgeous, and these do all sound delicious. I did have to look up one ingredient, so now know that "speck" is either a special type of bacon or ham, dependent on the country of origin.

Great recipe book. The first two things I am going to make are the pumpkin sage balls and the parsnip cream soup. I am also buying everything I need to make the Spicy Pumpkin Seeds today and will have a great snack for work this week.

Thanksgiving is approaching pretty quickly and this eBook is exactly what I was looking for! I couldn't find anything more needed than this eBook for reading. My favorite recipes were: Orange Cranberry Sauce and Ginger Peach Pie. I'm definitely gonna make those soon enough. Can't wait to start!
