Founding Fathers of the United States (also known as the Framers, Fathers of Our Country, or the Founders) are the political leaders who signed the Declaration of Independence or the United States Constitution, or otherwise participated in the American Revolution as leaders of the Patriots.

I have these Little Books: Declaration of Independence, Bill of Rights, and Constitution. I keep them in my living room and people pick them up and glance through them, and because they are small

they want them. I bought these three as a gift for one of my neighbors who wanted them. I think everyone should have them so they can refer to things from time to time that they may not be familiar with! They are little but have BIG information!

Just another copy of the many paperback ones that I have for quick reference, but as a hardcover. This is now my "go-to" reference book for that historical document. Constitution of the United States (Little Books of Wisdom)

Overall, this is a really nice book due to the fact that it is both made to a very high quality and more importantly has a hard cover, instead of the paperback type that most of the other books of this nature have. As a result, I really enjoyed receiving this book mainly in part, because it is important to know how your country came to be, its history, and the documents that helped to establish our country as-a-whole especially when these documents contain our country's heart-and-soul per say. With that being said, this book is illustrated in a very detailed manner, which in-turn will allow both you and your family's future generations to enjoy the book along with its vital contents for many years to come.

Great little books that hold some of the most important writings in history. These are perfect display pieces, and durable enough to carry on you or in a bag. I display them in my cubical at the office.

brought back strong memories of my H. S. Civil class. Later was elected member of our town council. because of that class, had jump on others on government structure. It was a very enlightening time God Bless The United States of AMERICA Jim Kearns ajnajimmy@charter.net

I just became a permanent resident, so I bought the Constitution, Bill of Rights and Declaration of Independence as celebration. They are great little books and look great on a bookshelf.

I wish Congress would read this little book more often. And be quizzed/tested on it, once a week, preferably. Maybe then our country will get back on the right track? I would hope so. But it really came in handy when I took an American Constitutional Law class last semester, and I really learned alot! I def. recommend this if you're taking a class like that, or if you just want to have a copy of our great nation's constitution on hand.

What a lovely presentation. I gave this as a gift together with the Bill of rights. It is a wonderful thing to have and the quality is great!
