Into The Abyss: An Extraordinary True Story

Synopsis

Only four men survived the plane crash. The pilot. A politician. A cop... and the criminal he was shackled to. On an icy night in October 1984, a commuter plane carrying nine passengers crashed in the remote wilderness of northern Alberta, killing six people. Four survived: the rookie pilot, a prominent politician, a cop, and the criminal he was escorting to face charges. Despite the poor weather, Erik Vogel, the 24-year-old pilot, was under intense pressure to fly. Larry Shaben, the author's father and Canada's first Muslim Cabinet Minister, was commuting home after a busy week at the Alberta Legislature. Constable Scott Deschamps was escorting Paul Archambault, a drifter wanted on an outstanding warrant. Against regulations, Archambault's handcuffs were removed—a decision that would profoundly impact the men's survival. As the men fight through the night to stay alive, the dividing lines of power, wealth, and status are erased, and each man is forced to confront the precious and limited nature of his existence.

Customer Reviews

In October 1984, a commuter plane crashed in northern Alberta. Of the 10 people aboard, there were 4 survivors: the pilot, an RCMP constable, the prisoner he was transporting, and the author's father, the late Larry Shaben, Alberta's housing minister. Journalist Shaben relies heavily on the memories of the survivors, who formed an improbable bond as they waited, desperately, to be rescued from almost certain death from their injuries and from the freezing temperature. The rescue comes about halfway through the book. The rest of it explores the crash's aftermath and the lives of the survivors. Paul Archambault's story is the most interesting. A prisoner with a long rap sheet (car theft, breaking and entering), he became a hero after the crash, saving the RCMP constable's life and helping to keep his fellow survivors warm and safe until the rescuers came. For him, the crash was a life-changing event, but ultimately his life ended tragically. Although author Shaben's father was one of the survivors, she divides the limelight among all four of them. --David Pitt --This text refers to an out of print or unavailable edition of this title.

"Gripping and emotionally affecting. . . a deep and satisfying book." —Washington Post "[Shaben] vividly recreates how these four total strangers managed to survive the tragedy." —New York Post
