ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. The company's titles include many that are unique or the first of their kind. ITMB has also published a travel map of Poland as well as maps of all neighbouring countries.

This map was especially helpful to us since our hotel was a bit farther from some of the locations we wanted to visit. We found shortcuts to the locations which saved us lots of steps.

We used this map for a two week excursion during the COP conference in 2013. It was an excellent way to plan out the day and to compare notes at night. During the day we relied on cell phones but the big picture this map affords made the most of the time we had in Warsaw. Great city! Great map!

I use this map go warsaw 2014. a lot streets i can not find on this map. but you can find some main street in this city

I could not have navigated around Warsaw without it. Well worth buying before your trip.

The area I wanted to see was covered by the zoom shot of downtown which was already on the map so it was useless for my purpose. A picture of the actual map would have shown this and I would not have purchased it.

Great City Map. both in English and Polish. Most maps of Warsaw are in Polish, only. Large Insert of Old Town. Very easy to Navigate. I would purchase any maps of this Series, again. Peace of mind, before leaving the US.

As anticipated
