I have mixed feelings about this item. It's a great resource tool, when you don't have the internet. When I bought it I didn't realize it was available to listen to (free) on the Yookoso website. Oh well. Still a good product, but I would advise using the website until you think you need the disks all the time.

That last tracks on some of the cds do not work, so I decided to exchange them for another set. The same problem on different cds. Although 95% of the tracks work. Even with the messed up tracks the cds are invaluable to helping you learn Japanese.
