History Of Trucks (Dover History Coloring Book)

Synopsis

It's hard to imagine the history of transportation without trucks — • pickups, tankers, tractor-trailers, logging trucks, tow trucks, flat-beds, delivery vans — • trucks of all shapes and sizes, carrying the cargo, hauling the freight, transporting every imaginable kind of goods all over the world. Now truck lovers and coloring book fans can enjoy this ready-to-color convoy of vintage (and modern) trucks, ranging from a 1904 Oldsmobile light delivery car to a 1995 Ford Explorer sport utility vehicle. Forty-one meticulously detailed illustrations, including four double-page spreads, depict such mechanical marvels as a Ford Model T closed cab delivery truck (1913), a GMC tractor with sleeper cab (1932), a Chevrolet half-ton pickup truck (1939), a Dodge Ram 528 "Retriever" tow truck (1985) and many more. Coloring book enthusiasts and anyone interested in the exciting history of trucks will welcome this pictorial parade, complete with an informative introduction and identifying captions, of a long line of freight-haulers and service vehicles.

Got this for my male friend who rides a Harley and drives a truck when the weather prevents him from using his bike. He recently got into coloring books because I thought he might like it as much as his girlfriend and her daughter. I was right!!! He really likes it, as well as the Muscle Cars and the Lord of the Rings Movie coloring books I've gotten him. I'm surprised and pleased with how many men I introduce to coloring books that really like them a lot. One man I gave Famous Trains and Planes of World War II does the best & most outstanding coloring I have yet to see. You go Guys!!! I first got the idea when I saw how many reviews were written by men! Surprise!!!!!!

I really like this book, but it would be so much better if they were only one page. when coloring with a page on the backside, it is hard to use gel pens and markers without it bleeding thru on to the next page.

Bought as a gift. Detailed photos, not overly intricate. Bought for my dad that is retired since a stroke. Great way to keep folks using their brain. Also great for Stress relief and eye hand coordination.

Once i started I knew that the ink would show through but I wanted the sheen from the ink. I have ordered another to photograph and print each time i want to change the color of the vehicle.

Not as much coloring as I had hoped. Picture are nice just not as much open space for coloring as I had hoped. Some pictures are over two pages not just one.

If you're looking for a coloring book of antique Ford, Dodge, Chevy, International and other pickups, this isn't it.

...not perforated, pictures on both sides...artwork not what I was expecting, nor up to standards of other books are my favorites...

I'm giving a 5 STAR because my kids love the pics of the trucks in here. Pages are double sided. I wish they were single sided because it's more difficult to water color with but the pics are great! Paper is of good quality!
