Pool Idea Book (Taunton Home Idea Books)

Synopsis

Swimming pools aren't what they used to be. No longer just rectangular blue holes surrounded by concrete aprons, today's pools come in myriad shapes, sizes and options. You can learn all about them in Taunton's Pool Idea Book. From in-ground and above ground pools, to spas and mini pools, from the best materials available today for patios and pool coverings, to new choices in screening and enclosing a pool, Taunton's Pool Idea Book is a visual feast of fresh, innovative ideas for designing the ultimate pool for any budget. Taunton's Pool Idea Book showcases the latest innovations in pool and spa design, offers creative design ideas for decks, outbuildings, and landscaping, and addresses practical issues such as screening, security and storage. A highly visual book, it features approximately 350 color photographs, 20 illustrations and dozens of useful sidebars to help you design or choose the ultimate pool for any lifestyle or budget. Whether you own a pool or just dream of it, Taunton's Pool Idea Book will whet your appetite and give you all the ideas you could ask for.

Lee Anne White is the author of "Outdoor Living Idea Book, Backyard Idea Book, "and "Pool Idea Book," She is also a photographer specializing in landscape architecture and garden design. She has served as a contributing editor for "Fine Gardening" and Atlanta Magazine's "HOME," and is the recipient of several awards from the Garden Writers Association.

Has some good ideas for pool planning. Lots of pictures. It was done in 2004 so keep that in mind for how modern you want your pool to be. This visual handbook features many color photographs and illustrations, and dozens of useful sidebars to help homeowners design a pool.

I only found four pages out of the whole book to have useful designs. Most of the pictures are of boring regular backyard pool designs. I thought it would have more oomph.

Just as advertised. Excellent service.

Good idea.....Bad idea book. We live on a lake and the wife wants a pool. I have zero desire to blow \$30k on a pool. Buy with caution.

Lot's of great pictures and some real nice design ideas as well. It seemed many of the ideas may have been geared towards the rich and famous but you can still get a lot out of it. I think the state of Florida was ignored as there were no screen enclosures incorporated into the designs. I'm sure that's because they're not very photogenic. Overall the book was great and easily worth the price. If you're not sure, go to Lowes and browse through the book like I did, then decide if it's worth buying or not.

Mostly discusses outdoor inground pools. I was looking for more on aboveground pools. but there are some nice ideas in here for inground pools if that is what you're looking for.

All books were sent to my home address so I haven't seen them since I work overseas. My gal says they have some great ideas.

Nice ideas, lots of pictures
