Rick Villani and Clay Davis are senior executives at HomeFixers, North America's leading real estate rehab franchise.

Great book, highly recommend. Great for new investor looking for a jump start on their career!! I Am a seasoned real estate agent and found the information to be very informative! It is hard starting an investment portfolio and there are a lot of speed bumps, this book will help you navigate the waters.

Like this book.Im currently implementing the model in small manageable steps. I also read other books on flipping houses. This was by far my favorite

Really good book. Just flipped another house. Great advise of the just right finishes, without overdoing the neighborhood standard. Nice hints that are easy and free too. Example: Designer feature all outlet and switch plate screws in perfect verticle- with multi switch plates this make an unconscious statement that is very pleasing (and FREE).

We run a class that uses these; a tremendous resource to the students.

I have used so many elements of this book in my rehab projects. I especially like the Must Do list, which I copy on a white board so that everyone on my team can see the items that need to be

accomplished and in what order. Great book in a series of great books.

Great review on how flipping homes generally works. Would ultimately be beneficial to know how the process changes in different markets, and what strategies to utilize when competing against competition (ie. other flippers)

Love this book. Very informative. Just what I was looking for.

My husband loves this book. Thanks so much!
