Customer Reviews

This book is great and is perfect for me because it contains good, basic, extremely simple recipes. Air Fryer is one of the latest kitchen inventions that allow you to cook without having to use the stove or oven. This book has a massive amount of great recipes that anyone with an Air Fryer should definitely get. I like the way the recipes are broken down into categories, such as, breakfast, main meals, desserts etc.

Fantastic book..AirFryer Flavors: 100 Favorite Fried Food Recipes Without All The Added Oil That Goes Along With Deep Frying..This book contains a lot of interesting and unusual recipes, which caused excitement in me as a reader. I really advise you to read this book because it has no analogues.This book will take care of all you air fryer recipe needs! Forget about those boring recipes , here are the exciting airfryer recipes. I love eating fry foods but it's not good. Now I am to enjoy cooking and eating healthy fried foods using an air fryer with this cookbook. I'm definitely going to have a lot of fun experimenting with those and bringing some refreshment to my own kitchen.Thanks to the author for this book! Impressive!

Interesting! Air frying sounds ridiculous, but it is actually an awesome way to enjoy your favorite food in a more healthy way than drenching it in oil.This cookbook has some good ideas and recipes, I really liked the mega chunky fries, they turned out delicious. It is not an unbelievably inventive book, but if you need some ideas for air frying, this should do more than fine. Really worth recommending!

This book is easy to read

Thanks to the author for this book! He collected a lot of interesting and unusual recipes, which caused excitement in me as a reader. I really advise you to read this book because it has no analogues.
