Customer Reviews

Very helpful book for bitcoin. This book helped me better understand bitcoins and how I can start making money with them. The topic of this book is already most interesting thing to all of us. This book will help you understand the Bitcoin process and everything you need to know about dealing and carrying out Bitcoin transactions.

This article was terrific and the author provided some great information in trading cryptocurrency.. I realize I will have to do a lot of research before making any trades so I will start with a moderate size wallet to move funds in and out of. But still thank you for all the information.

This book can be very useful to anyone who wants to know about Bitcoin. I like the ideas and tips

shared with this book as well. A very nice and very informative book. Must read enjoy Bitcoin and see how beautifully Lee wrote this book and made us easy to understand Bitcoin.

The purpose of learning the fundamental of Bitcoin is a wise skill. You will learn how to estimate the value of using our progressive financial technology especially to avoid scam. You can get an multiple ideas of trading skills and make a profit

This book is very useful and helpful book for bitcoin. This book help me lots about to know well bitcoin. This is a great beginners guide that i would recommend to anyone looking to learn the ins and outs of bitcoins. Very informative book.

This book is simple good over Bitcoin. You can find lots of criteria related bitcoin in this book. Actually this book has which must need if you are on this type of tasks. Lots of information about bitcoin, blockchain and cryptocurrency.

This is a complete beginner's guide book. From this book you will learn what bitcoin is, how do you get bitcoin, what can you do with bitcoin and much more. I hope this book is able to help you very much.

Bitcoin is a word of currency that has flooded the internet. This book offered a very depth explanation about bitcoin, what it is, the history, how it works and way to invest. The author provided every step by step details anyone would need to know Bitcoin. The book also talked about things I had no idea about, how to buy and sell bitcoins. This is a great intro into the world of cryptocurrency. I would recommend it to anyone interested in investing in Bitcoin or other digital currency.,
