EXCELLENT OVERVIEW.

Great deal! Thanks.

liked it

bought for the college course, was unable to complete course however due to job.

They sent the wrong version of the book. Although the label from the seller said seventh edition the book was actually the second edition. Although they did refund the purchase price my son had to go through the first few weeks of school without a text book waiting for for the issue to be resolved.

Great Book....it helps recapture why I should write again...Writing with a Purpose, 14th Edition contains vital info for writersI will recommend this book

I did not get the book shown which is what I wanted. I got a much earlier version which I did not want. You should change the picture if you cannot supply that particular edition.

Just like most text books you have to buy it and you use it very little. Helpful in some writing areas but just to much information to sift through.
